

Titans Worcester Autumn Open Meet 2017

AGE DEVELOPMENT IMPRESS AT WORCESTER

Age Development showcase skills

by Titans Press

Worcester was the first competitive meet of the 2017/18 season for the Titans Age Development squad. Six weeks into training it was an opportunity for our young swimmers to execute hard practiced skills in a competitive forum.

The 20 strong squad now boosted by 7 new members took to the blocks at Worcester for a weekend of skills-focused racing. All squad members finished the weekend with personal bests and a collective medal tally of 114 (60 of which were Gold).

This was a great showcase of the hard work put in by both squad and coach since the start of the season.

Fantastic job by Team Titans !

Coaches Comment

"I think going into the meet we had the aim of having the best skills there and demonstrating a level of maturity both in and out of the pool. In my opinion the swimmers outperformed themselves this weekend and showed a great level of skill under pressure which excites me for things to come.

There is however still a few things that I have taken away from this meet that I feel as a squad we can work on more and become better and hopefully improve for next competition."
